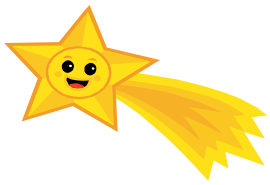
Issue 2



Parents we had a great start in ASA. The kids are energetic and ready to engage in activities. I hope that in the first short month we were able to meet yours / child's needs. If you have any concerns or specific instructions for your child please let us know. We are working on our routine and staying on tasks this month. We will be getting to know the kids likes and dislikes. We plan on doing things that interest everyone. Thank you again for choosing ASA for your after school needs. Visit us online at liveandplayvisalia.com and click on Kids Corner.
Thanks, ASA
